BUDGET COMMITTEE

NEW BUSINESS:

A 2023 Budget Draft proposal provided to Board, with three tax levy options. Mr. Poost noted that Board approval is required prior to providing draft at public hearing in August 2022. Ms. Oudekerk shared the Budget Committee's considerations and explanations and associated tax levy consequences, i.e., 3.4% tax levy would result in \$50,000 shortfall; 5% tax levy would result in \$15,000 shortfall; 6% tax levy meets budget expenses with additional \$5,000 to restore some

items cut in developing the proposed draft. Three major factors driving expenses: inflation and current economy, compensation study committee findings, and establishment of the post-COVID library. Further, going fine-free being considered, given this is trend in public library policy, impacts income. Ms. Oudekerk outlined the budget expense lines carrying the biggest increases. Discussion and disagreement among Board members regarding promoting a budget proposal with 6% tax cap increase vs. significantly reducing Reserve funds to achieve proposed budget. After discussion, Board opted to vote on proposal for purposes of August public hearing.

MOTION #2022-06-55: Ms. Oudekerk made a motion to potentially exceed the tax cap in the 2023 Draft Budget Proposal. 2nd by Ms. Harris. 6 in favor. Mr. Harrison opposes. The motion carries.

MOTION #2022-06-56: Ms. Oudekerk made a motion to approve that the 2023 proposed budget in the amount of \$2,332,682, which includes a tax levy increase of 6%, be presented to the public at the August 9, 2022 Public Hearing. 2nd by Ms. Miller. 6 in favor*. None opposed. The motion carries.

*It is noted that Mr. Harrison could not be present for this vote as he had to leave at 8:35 pm.

Upcoming Meetings:

September Committee meetings will be rescheduled as they currently fall on Labor Day.

DIRECTOR'S REPORT:

Director's report provided in Board packet. Staffing fluctuations continue with unanticipated resignations of one Librarian II and part-time Building Maintenance Worker. In-house appointment will fill the Librarian II vacancy. Recruitment continues.

The Library has had tremendous response to the summer reading program!

Re: Treasurer's Report

Date: August 9, 2022

Attached you will find the library's financial reports for the period 6/21/22 - 8/2/22, a twomonth period, as there was no board meeting in July. Based on my review of purchasing documents, the library's bank reconciliation records, and the attached financial documents, I am confident in the accuracy of the library's financial records and believe that the library's financial position is secure.

Pending FY 22 finance/ accounting projects include: 2023 budget approval by the board and the community (September), FY 21 audit (August), Ms. Dugas Hughes' contract (August).

Off-Warrant Expenses (6/21/22 – 8/2/22): \$ 251,689.33

Operating: \$244,714.72 Gift & Grant: \$859.74 Capital Reserve: \$1,984.57 Operating Contingency: \$4,130.30

This month's off-warrant covers the two-month period from June 21 – August 2, 2022, as there was no board meeting in July. All checks paid between late June and late July were paid off-warrant, so the off-warrant is higher than usual and the warrant is lower than is typically seen in a month in which the board meets. The Off-Warrant Report details the fund from which each purchase is paid (Account column).

Expenses include four payrolls (13-16), four deferred comp payments, NYSLRS, health insurance, and utility costs. Other expenses of note include:

BPI Mechanical: \$3,050.04 – Cooling tower repair; service contract renewal (Operating) **National Grid:** \$6,366.02 – This two-month payment represents a 35% increase in our bill for the same months over last year, reflecting an increase in both rate and usage. Ms. Dugas Hughes is having a consultant evaluate our utility use. (Operating)

NYS Unemployment Insurance (UI): \$4,130.30 – Ms. Rooney is eligible for UI at the rate of \$504/week for a maximum of 26 weeks starting March 14. The library is liable for the pays the full amount of her UI benefit (\$504/wk) for the first seven weeks of unemployment. After that, the library is responsible for \$120.46 of her weekly UI payment. This bill represents the first 12 weeks of her unemployment. If she continues to collect UI benefits through the full time of her eligibility, the library can expect another bill for UI in the amount of \$1,686.44. (Operating Contingency)

Presidio: \$1,984.57 – This is a payment for a long-disputed capital project completed in 2020. (Capital Reserve)

Seasons East: \$6,764.00 - Payment for lawn care services in May and June. (Operating)

August 9, 2022 Board Meeting

Inspiring Ideas, Strengthening Community, Enriching Lives

Twin Bridges: \$246.84 – Monthly trash removal and recycling (\$91.28 less than our monthly fee with our other vendors) (Operating) **UHLS: \$7,859.00** – 3rd quarter UHLAN fees (Operating)

Warrant Expenses (6/21/22 - 8/2/22) \$12,701.13

Operating: \$12,247.19 Gift & Grant: \$453.94

Amazon.com: \$1,842.53 – Books and supplies (Operating, Gift & Grant) Baker & Taylor: \$1,734.66 – Books, including shipping and processing fees (Operating) Brodart: \$1,634.08 – Books, including shipping and processing (Operating) UHLS: \$2,629.12 – 3rd quarter Hoopla spending (Operating) Special Events/ Programs: \$3,847 – Ten adult/youth programs (Gift & Grant)

Profit and Loss (8/2/22)

As of August 2nd, the fiscal year was 59% over.

Income:

We have received 98.6% of our budgeted income.

- We have not yet received our 2022 State Aid (budget: \$4,700).
- Fines/ Fees and Interest/ Earnings remain well under budget (28.4% and 37.4%, respectively).

Expenses:

- We are running well under budget in Total Operating Expenses (48.6%) at this point in the year. However, major expenses due in the late summer/ fall months (NYSLRS at \$165,000 and Insurance at \$20,000+) will bring this number closer to the budgeted expenses.
- We continue to run over budget in the Facilities Expenses line (60.9%), reflecting significant increases in utility costs (currently running at 92% of our annual budget) plus costly repairs to our 20+ year old building (at 76% of the annual budget for Facility Repair/ Maintenance/ Equipment. We will continue to monitor facility expenses.

Balance Sheet (8/3/22)

- Total Current (Cash) Assets are at \$2,161,427.94 (\$259,990.20 less than our assets in June, 2022, but more than 5% above our position one year ago).
- Our Fixed Asset Value remains \$2,302,326.57, bringing our Total Assets to \$4,463,754.51.

OPERATIONAL EXCELLENCE AND CULTURE OF LEARNING/GROWTH

Staff- New Hires/Training/Openings

- We have posted job advertisements for Full-Time Librarian I in Adult Services Department and Part-Time Building Maintenance Worker positions.
- Interviews have begun for Librarian I and we hope to have a new hire formalized within the next two weeks. Despite staffing shortages, the AS department was able to maintain typical output of programs and services. Many thanks to Jody, Barbara, Lauren, Dee, and Laura, and of course, Catherine!
- We have repeatedly heard from interested applicants for the building maintenance position that the posted hourly wage is too low. After discussion with the admin committee, we have decided to increase the wage to the compensation committee's recommended hourly rate for the remainder of 2022. This will impact 2 part-time positions and will have no impact on our personnel budget for 2022 It has already been included in our 2023 budget.

Web Presence Updates

- Created a website staging site. Web Instinct created a staging site that will allow us to test website changes before pushing them to the live website. They did this free of charge, but to have enough server space, we had to upgrade our hosting plan. Starting January, it will go from \$25/mo. to \$40/mo. This also solves a storage space issue we were having.
- Discovered three platforms with outdated library information that could not be changed without login credentials. Contacted platforms about access.
- Repositioned some content on other pages and created a "Find Your Next Read" landing page with the reader's portal pages as subpages.
- Improved readability of LibraryAware content.
- Updated the look of our weekly eNewsletters with new eye-catching headers made by LibraryAware.
- Discovered an issue with social posts from Tech Tips not showing featured image. Installed AIOSEO to use the open graph feature to fix this. As time allows, we will use the other SEO features on this blog.

- We are working on a solution for web page friendly printing. When printed, our website wastes lots of paper with header and menu information. Tried to add print-friendly functionality, but caching kept breaking it. Consulting Web Instinct to get help.
- Recent webinars have given tools and instructions for improving website accessibility, and we are implementing as many as are reasonably possible.

Cloud Storage

• Hosting department files on SharePoint caused several unforeseen issues. Exploring possible solutions with Accu-Networks. Continued restructuring of adult services files.

Gratitude

• We have provided two luncheons for staff (thank you Friends!) to celebrate the mid-way point of a successful and busy Summer Reading Program!

Collections- New Items

• Audio and visual material such as books on CD, DVDs/Blu-rays, music CDs and video games will now be cataloged and labeled "NEW" for six months as opposed to a year.

CENTER FOR COMMUNITY CONNECTIONS

Patron Feedback

Julian and I spent the morning at the East Greenbush Community Library while we waited for his doctors appointment. We did a story walk, a scavenger hunt, a sticker puzzle and picked out some awesome books.

I cannot overstate what an asset libraries are to our communities. If you don't spend time at your library and utilize all of their resources-start! If you do, find ways to support them.

Can you imagine how lovely it would be if we have more public, free resources available in our communities? "For the last two years just when you thought it couldn't get worse, it did. My oasis through all of this has been the library and everyone who works here...."

Little Free Library

• Two Little Free Libraries have been installed. Added to Little Free Library National Registry. Purchased signs and logo plate. LFL registry, purchase signs & logo plate. Official kick-off TBD. Thank you Camie and Jamie for all your work on this project!

Meeting Room A/B AV Installation

 The Web conferencing installation in Meeting Rooms A/B is almost complete. Projector and sound system have been installed. Unfortunately, we needed to remove the ceiling mounted drop down screen due to design challenges in the ceiling. We have decided to paint the walls instead with a special paint designed for projection systems.

Meeting Rooms

- We've been talking about opening the meeting rooms for months, but now we're really getting close! Training sessions for the check-in/check-out procedure, as well as AV (refresher course + new tech) will be held throughout September, and we plan to open the rooms to the public in October. There is a third training for entering reservations into the event calendar when they are happening the same day, but we aren't opening for same-day reservations yet. That training will be delayed while people get comfortable with the other meeting room procedures.
- Variety of tasks including refining procedure, staff training, finishing room setup/replacement for tables at service desks.

What's New Highlights

- Making a Reservation
- Need a UHLS card in good standing to reserve a room. The cardholder that reserved the room must present that card to library staff on the day of the event before access will be granted.
- Requests may not be made more than two months (60 days) in advance. (12 in the previous 12 months rolling calendar).
- Reservations can be made online up to 7 days before. After that...
- Reservations closer than 7 days: If Kathy is in the building, forward to her. If not, reservations will be entered in Library Market by staff – to be approved by Kathy. There is a paper form for applicant to sign that also gets forwarded to Kathy. No guarantees on availability.
- Same day reservations will be available (two hours at a time), documented with a spreadsheet on the intranet. At first, this will only be the Hurr room. Will expand to all rooms as capacity allows.
- Equipment must be reserved at the time of application, or it may not be available on the day of the reservation. Changes to an equipment request must be requested no less than 7 days before the event. Last-minute requests depend on staff capacity.
- \circ $\;$ No deposit necessary for users who wish to have food and drink during their event.
- Fees may be assessed for users who leave the room in a state that requires maintenance intervention before the next user (mess, damage, etc.). Cleaning supplies will be available upon request. There is a form for appealing a charge.
- Reservation setup time can start no earlier than 30 minutes after the library opens. Users must finish cleaning up and vacate the room no later than 30 minutes before the library closes.

Also New

 We have new equipment to offer - Lifesize share (wireless projector connection for any room) and Hurr has its own AV, with more improvements planned soon. (Improved AV in A/B, speakerphone, teleconference equipment).

- All documentation and applications will be online. There are new forms and logs, all available in the meeting room section of the intranet for staff. The policy and procedure documents are also available here.
- There is a meeting room FAQ on the website: https://eglibrary.org/about/services/meetingroom-faq
- Both circulation and reference staff will be involved in reservations, check-in/check-out, and equipment setup. Patrons can go to either desk for assistance. YS staff will also be trained to assist as needed.
- o Susan Bell will be training to assist Kathy with Meeting Room Coordinator duties.
- Clipboard for each room with info for the patron. Patrons will use it to record attendance and alert staff to any cleaning/damage issues when they turn it back in.
- We have a user survey online (or paper, by request). Survey link is noted on the clipboard.
- No more weekly printouts at the service desks. We have an at-a-glance view in our calendar for the current day (that can be advanced), linked in the meeting room section of the intranet.
- Cleaning supplies and vacuum will be available by request in the unlocked janitor closet.

What Is the Same

- Only nonprofit/community interest groups can reserve the room for events that are free and open to the public. However, job interviews, telehealth, study groups, and similar activities are acceptable, even if not open to the public.
- Users are not allowed to sell or derive sales from events, unless granted permission by the Director.
- Users are responsible for their own setup and cleanup (except library tech)
- Reservations may be cancelled by the library if the room is needed for library use.
- Cancellations
- The library should be notified of a cancellation as soon as possible. There is a link in the confirmation email to cancel the reservation or the user can call the library.

LIFELONG CURIOSITY, IMAGINATION AND LEARNING

Wireless Wednesdays Transitions to Book a Librarian

• Despite major interest in WW, attendance is low. Bringing back BAL will allow staff to work with patrons to find a mutually agreeable time, decreasing wasted time for all parties. We are opening BAL up to all UHLS cardholders in good standing.

Instructional Videos Highlighting Digital Resources

• Based on feedback from the Winter Reading Program, we are creating instructional videos for our YouTube channel and writing corresponding Tech Tips posts. Coordinated marketing push. TU done. CR done. Beanstack registration done, NoveList done. Ancestry and Tech-Talk in progress.

Summer Reading Program (SRP) June 27-Aug. 12- Oceans of Possibility

FOR KIDS & TEENS

- This summer we are reading to earn badges! Kids and teens can earn virtual badges by reading and completing activities, and then visit the library to pick up a matching button to add to their very own reading ribbon!
- Each completed badge will also earn an entry into our end-of-summer raffles, with kid's prizes featuring favorite characters, popular books, and more! Teens will have a variety of themed raffles to choose from as well, including interests such as anime, art, and gaming! Challenge registration began on June 27th.
- Our youth events this summer will include story times, crafts, and STEM programs. Tweens & teens will also have events especially for them cupcake decorating, crafts, tie-dye, and more!
- We continued outdoor story times in June while concentrating on preparing for the summer reading program.
- Our new library assistants did a great job of decorating the Children's Room for the Oceans of Possibilities theme, complete with a coral reef, jellyfish, and a school of rainbow fish throughout the entire room.
- Youth Services staff had a meeting on June 7th to get everyone up to speed on our Summer Reading Challenge.
- Molly visited four elementary schools in June to get the word out about Summer Reading, presenting at a school-wide assembly at Genet, and appearing on the morning video announcements at Bell Top, Green Meadow, and Red Mill.
- We also worked with the Goff school media specialist to let interested students know about our Summer Volunteen Program.
- Jenna conducted four trainings in June for teens entering grades 8 and up who wished to participate in our Volunteen Program.
- Chicken Incubation Project- The highlight of July was our chicken incubation project -- environmental educator George Steele presented a program teaching the children about the chicken life cycle, and we spent several weeks faithfully turning eggs and checking the temperature and humidity levels in our incubator. After much stress over several power outages and how it affected the eggs, we ended up with 7 healthy chicks, who stayed in the Children's Room for about a week after they hatched. Children enjoyed seeing them at the library and on our online chick cam. They were picked up at the end of July and are now living on George Steele's farm.
- The Summer Reading program is a success, with hundreds of children and teens participating in both our events and our reading challenge. A full 2022 Summer Reading wrap-up will be included in the August report.

FOR ADULTS

- Adults can use Beanstack to read and earn raffle entries too! This year there are two ways to participate: Reading Log and Activities. Each will earn you raffle tickets that can be entered into the end-of-challenge prize drawings. To master the Summer Reading Challenge and automatically be entered into our grand prize raffle, complete all 12 activities and log at least 5 books.
- Enjoy a summer full of great events for adults, including music performances, crafting, trivia, book chats, tech help, and, of course, the Library/YMCA Farmers Market!
- Challenge registration began on June 27th. For adults who do not wish to participate online, traditional paper game cards will be available in the library beginning June 27th.

Library District 2023 Draft Budget

Goal(s): Maintain Services, Long-Term Sustainability, Transparency to Community, Fine Free!

- 2023 budget was prepared with an eye towards long-term sustainability while still supporting library efforts to innovate and evolve
- Includes ALL sources of funds, including those which were previously managed outside of the yearly budget approved by voters.
- Budget focuses on achieving goals outlined in strategic plan
- Supports provision of vibrant physical and virtual spaces
- Developing diverse collections and programs
- Investing in secure technology
- Supporting staff who will help the goals become a reality
- The library will become Fine Free in January, eliminating most late fees for returning items late, joining 25+ other Upper Hudson Library System Libraries as Fine Free.

Increased Tax Impact on Average Homeowner less than \$10

• Proposed **tax levy of \$1,867,757** will have a slight increase for homeowners. The estimated annual increase for the average East Greenbush homeowner is **\$9.45**, which is **\$0.79 per month.**

Projected Revenue

- Total revenues (including contracts, fees, gifts, grants, and interest) are projected at \$2,332,682, \$195,307 more than last year.
- Nearly half of the increase reflects an accounting method change, as part of the Library Board's commitment to transparency to the community
- In previous years, there were numerous fund accounts; all expenditures were approved by library board, but the only fund approved by voters was the operating fund. New accounting methodology proposed for 2023 budget put for voter approval includes all fund accounts (both operating and reserve)

Mitigating Financial Impact of Significant Facility Expenses in Near Future

- In 2020, library building bond was paid in full. Since then, library board has prioritized the replenishment of reserve accounts to maintain the long-term financial health of the library.
- Saving incrementally to help mitigate financial impact of major, nonrecurring, or unforeseen expenditures on the library's annual operating budget.
- \$100,000 is budgeted to transfer to the Library's Reserve funds which are used for both expected and unexpected Capital Repairs, included maintenance/repair of the Road (Community Way), roof, and HVAC system.
